You may agree that it is to your benefit that your equipment provider is more than just insured. A provider needs to be qualified to do the job right the first time.

That's where HI-TECH can help in providing you with the right equipment for your production needs. We are trained, certified, ASME code, and up to date on all safety policy requirements. Give us a call, we'd be happy to visit with you about how we can accommodate your equipment needs today.

Your friend

Mark Vicars

P.S. Always make your performance greater than your applause.

Appreciated!

- ✓ **We can coat and paint your equipment in our shop or out in the field.**
